Per my earlier message, I've attached a spreadsheet showing a detailed breakdown of all combined license fees for [REDACTED] after the ELA transaction. These fees account for combined Blaze Advisor maintenance fees (with adjustments for [REDACTED] maintenance fees already prepaid), Model Builder maintenance fees, IDM maintenance fees, and Falcon ID maintenance fees (IDM and Falcon ID are from the current [REDACTED] contract and have been prepaid through 2010). The fees breakdown as follows (numbers have been rounded to the nearest dollar and were current on consumed prepaid maintenance through August - actual fees will be recalculated as of contract effective date):

Combined Maintenance Fees Calculation for Blaze ELA, Model Builder, IDM, Falcon ID

Let me know if there are any questions. We'll speak in the morning.

Regards,

Robin
